

PHENIX JET

# About Phenix Jet

Phenix Jet is a premier private jet management & charter company offering elite services to discerning travelers across the globe. Backed by Sojitz Corporation (TYO: 2768) as its major shareholder, Phenix Jet stands at the forefront of business aviation in Asia and beyond.

We operate two Air Carrier Certificates (AOCs) for our registered aircraft, enabling global reach with the highest standards of safety and compliance. Our state-of-the-art fleet includes the Bombardier Global 7500/6000, Gulfstream G650/G650ER and Boeing Business Jet (737), supported by an experienced team committed to exceptional service.

FAA / Cayman Air Carrier Certificate (AOC)

Experienced Flight Crew Solutions

Cayman Part 39 Continuing Airworthiness Management  
Organization (CAMO) Certificate

Client Services Support in Multi-Language Capabilities: English/Chinese/Japanese

# Our Services

1

## Aircraft Charter

With our worldwide charter capability, we tailor every aspect of your journey to your desire. Flying with Phenix Jet is a unique and highly satisfying personal aviation experience.

## Aircraft Management

Phenix Jet delivers peace-of-mind to our aircraft management clients. We offer this through flexible, sophisticated and seamless solutions in an increasingly complex environment, whilst delivering a professional, proactive and personalized service.

2

3

## Charter Operations

To maximize the value of your million-dollar asset, our partnership program allows aircraft owners to rent out their jets as charter planes while not in use. Clients can enjoy revenue earned through the chartering of their aircraft to a third party. These revenues can then be used to offset indirect costs or other expenses.

# *Highest Safety Standards*

Phenix Jet Group is built on decades of aviation experience, detailed technical expertise, a strong international presence, and superlative performance exceeding international best practice.

## **Four Most Prestigious & Exclusive Safety Ratings**

Phenix Jet holds the four most prestigious and exclusive Safety Ratings; ISBAO Stage III, Argus Platinum, Air Charter Safety Foundation, and Wyvern Wingman, making the Charter and Aircraft Management company the top Asia-Pacific-rated Operator.

## **Validated Safety Management System (SMS)**

Our robust and mature Safety Management System (SMS) is regularly audited and validated to the highest international safety standards. On the ground or in the air, no matter where in the world, our experienced team is fully focused on ensuring the safest possible flight operations.

## **World-Class Crew Training & Operational Oversight**

At Phenix Jet, safety begins long before takeoff. Our pilots and crew undergo rigorous, recurrent training at globally recognized facilities. This ensures they remain proficient in the latest aircraft systems, procedures, and safety protocols. Each flight is backed by meticulous operational oversight, with our dispatch, maintenance, and safety teams working together to anticipate and mitigate potential risks, delivering peace of mind for every journey.

# *Worldwide Locations*

Phenix Jet's strategically located staff and maintenance technicians allow for 24/7 support around the globe.
